CURRICULUM

The Children's House, for children approximately three to six years of age, is designed to appropriately enrich, stimulate, and challenge the preschool and kindergarten aged child. It is prepared as carefully as the Infant – Toddler environment, to satisfy the child's need for constructive activity at a higher level.

Children at this age have what Dr. Montessori called the "Absorbent Mind". They can absorb all aspects of the environment and do it without effort or fatigue. The child will work diligently with focused concentration with the carefully prepared environment, cultivating a love of learning and gaining an ability to express themselves clearly.

The Children's House environment has five main areas: practical life, sensorial, language, math and cultural extensions. In addition, the program curriculum also includes training in music, art and social skills. The emphasis at this age is to guide the child to be independent in their most immediate worlds, their classrooms, and their homes.

MEALS AND SNACKS

Nutrition is very important to us at Montessori Academy of Upland. Montessori Academy of Upland offers a hot lunch program which is at an additional cost to the school's tuition $4.75 per day (subject to change). Parents can bring their child's breakfast and lunch daily. When children are eating breakfast at school, parents are asked to provide 3 food groups and all packed lunches should consist of 4 food groups. Snack is scheduled on a rotating calendar where the student will be assigned one day each month to bring snack for the class. Parents will be notified of the items needed the week prior to the next month.

EXTRA-CURRICULAR AFTER SCHOOL PROGRAMS

We offer a variety of extracurricular activities for enrolled students, including soccer and dance, with additional options available based on student interest. These classes are led by qualified staff members or external vendors and take place once a week after school hours, typically at 2:40 p.m. and at 3:20 p.m. Participation requires an additional fee, which is paid directly to the provider or instructor. Students may only be enrolled in these activities if their scheduled pick-up time is after the activity ends. Children who have already been picked up cannot return to participate. To explore all available activities and sign up, please visit our website or speak to one of our office administrators.
